

BUILDER'S GUIDE

P. E. Would Allow City to Pave Half Of Right of Way

In response to repeated demands on the part of Torrance city officials, business men and the Chamber of Commerce that the dust nuisance on Cabrillo avenue be eliminated by paving on the P. E. right of way, the Pacific Electric company this week offered to allow the city to pave the westerly 16 feet of the right of way, but reserved the right to lay tracks at any time.

The letter was regarded as unsatisfactory by Chamber of Commerce officials and by the board of trustees. A petition requesting the company to pave the right of way will go forward at once.

The city is handicapped in its negotiations with the P. E. owing to the fact that the company owns its right of way and cannot be compelled to pave. Property owners along Cabrillo are willing to pay their share of the paving cost, but assert that the paving of half the right of way would not eliminate the dust.

Condemnation proceedings would cost more than paving, it is believed.

Swipes 3 Melons; Fined 10 Dollars

Mr. Chavez, living near Watson station, has decided it's cheaper to buy melons than to steal them. He was fined \$10 in Judge Hunter's court Saturday morning for misappropriating three melons, two of which were overripe and one green. Gee! think of the times we've all swiped melons and got away with it. "Them were the happy days!"
